

Independent Health Complaints Advocacy in Somerset

Easy Read Guide

What is Independent Health Complaints Advocacy?

Health Complaints Advocacy can support anyone who lives in Somerset and is unhappy with their NHS service.

An NHS service could be your GP, the ambulance, your dentist, hospital, Care Co-ordinator, or nurse.

We can help the person to make a complaint themselves or support a person to make a complaint on someone's behalf.

We can also help someone complaint if their family member has died.

How can an advocate help?

We can answer any questions you have about what happens when you make a complaint.

We can give you a tool kit. Which has complaint letters, and guides on how to make a complaint.

We can help you with writing complaint letters and understanding letters which are sent back to you.

We can support you at complaints meetings.

If you are unhappy with the result of your complaint, we can support you to complain to the Parliamentary Health Service Ombudsman (PHSO).

What an advocate can't do

We can't help you with a complaint if you have known about it for over a year.

We can't investigate your complaint.

We can't give you advice or legal support.

We can't give you medical advice.

We can't help you get money or compensation.
